"An opulent, well-structured style, providing an ideal foil for the concentrated black cherry, blackberry, plum, herb and earth flavors. Packed with sweet, ripe fruit, this is dense and muscular, showing all the right components. Fine length. Cabernet Sauvignon. Best from 2019 through 2029. 300 cases made, 120 cases imported." – Wine Spectator, 94pts

With roots dating back to 1349 in Siena, Bindi Sergardi owns over 1000 hectares in the region, 100 of which are planted to vineyards in Chianti, Chianti Classico and Chianti Colli Senesi. The Mocenni estate is a unique plot in Chianti Classico, sitting at over 1600ft with soils comprised of Alberese and Galestro stones and a mixture of sand, silt and clay. With a distinct amphitheater-like orientation of vineyards, the vines enjoy full light and warmth, ripening fruit to their utmost potential. Considered a number for good luck, 91 is the number of the Cabernet Sauvignon parcel in Mocenni.

A word to describe this wine is intense: intense color, intense nose, intense flavor. Rich with notes of juicy blackberries, blueberries and plums with notes of coffee, earth, orange peel and licorice. Firm with silky tannins with hints of minerality and freshness at the finish. Just divine.

No shame in splurging a bit on a Tuesday. \$147 for a 3-pack with shipping included. While you can get it!

The Story to Know

Bindi Sergardi's origins can be dated back to 1349. Gentlemen, Nobles full of valor, great agriculturists, captains, and bishops, for 23 generations the family has been dedicated to wine making in Siena. Their lands spread over 1000 hectares in the province of Siena. The 100 hectares of vineyards are planted in the important DOCG of Chianti Classico, Chianti Colli Senesi and Chianti.

The Mocenni estate is located near Vagliagli, just north of Siena, in the land of Chianti Classico. The vineyards of Mocenni lie on an amphitheatre-shaped land facing south and enjoying full light and warmth. The high altitude of 500 meters (1640 feet) and the exceptionally high presence of Galestro and Alberese stones, represent the archetype of a sangiovese vine's aspiration. Continuous research and experiments on new sangiovese clones and cultivation techniques

are the foundations of Bindi Sergardi's excellence. Mocenni's origins date back to 1067 when it was a fortress for Siena's defence, and during the years it became a mill. The name "Mocenni" comes from the Italian word for millstone, "macina". In 1765, in the real estate registry of Grand Duke Pietro Leopoldo, it was called "Moceni", until today's Mocenni. To represent the Bindi Sergardi family's philosophy, an Alberese and Galestro pyramid was built in a Mocenni vineyard: the base is as strong as the seven centuries of experience that distinguish the family, while the summit points to the sky representing a continuous evolution inside excellence.
