2018 Stringerproduct-timed-pdf - Chardonnay John Sebastiano Vineyard - Gorgeous \$19 Single-Vineyard Chard!

Why We're Drinking It

Stringer's new 91-POINT '18 Sebastiano is unleashed at a jaw-dropping price! Normally \$35!

We've been loving the rich, creamy yet balanced Chardonnays from Casey Stringer, and with today's price, we are backing up the truck, oh yes.

Sebastiano is among Sta. Rita Hills' newest and most exciting plantings, this vineyard sits along the eastern border of the AVA. The site's 100-acres benefit from a myriad of exposures and marine influences, which together with premium clonal selection and high-density planting, produce exceptionally small clusters and berries. Stringer Cellars now makes their wine in Napa Valley and at the winery in the heart of Sonoma County. It's a whole family affair: Casey serves as lead winemaker, Chip oversees operations, his brothers, Andrew and Tim, help with marketing and sales and his wife, Brooke can often be found pouring tastings behind the bar. Their winemaking philosophy is simple: Use the finest grapes they can find from the best vineyard sites in California to make small lot wines you will not soon forget. Casey employs minimalist winemaking techniques, allowing the fruit and individual vineyards to shine through in each bottle.

Did we mention \$19! Wow! While it lasts!
