

# 2016 Pursuitproduct-pdf - Campfire Red Napa Valley - Must-See! \$25 Napa Red Score!!

## Why We're Drinking It

Normally \$55! This massively overdelivering blend from Pursuit (Google them to see the huge scores) is here -- just 30 cases!

Pursuit is a brand started by the folks at Bounty Hunter here in Napa. It's too long of a story to tell you here, but suffice to say, we are the proud new owners of this delicious, sexy, Cabernet-based red from the world-class 2016 vintage -- at a JAW-DROPPING price. Woo hoo!

\*\*\* Important! This wine is sourced from some of the top vineyards in Napa Valley. Pursuit made a lot of (very expensive!!) wines from places like To-Kalon, Oakville Ranch, Spring Mountain, Kenefick, Juliana, etc. This red is a selection of these wines that didn't quite make the cut for the \$125 bottling, but trust your Napa wine merchant - this OVERDELIVERS hugely. At this price???

\*\*\* Also important! This wine is made by two-time 100-point scoring winemaker Tim Milos, the winemaker behind the Pursuit label. We're not kidding, this is serious stuff!

Mostly Cabernet with a dash of Merlot, this wine is simply SINGING. What sets this wine apart is the nose. Just like the name says, they strive to create an aromatic profile that is bold and bountiful, with notes of deep blue fruits, currants and spice. Layers of tobacco, leather, and flowers seem to find their way into the mix, all backed by a smooth sweet vanilla finish that rounds out the palate and it finishes warm and lush and spicy.

A CRAZY deal today and an INVINO exclusive -- while it lasts, that is!
